Dear Sociology Internship Coordinator :

It warms my heart to recommend Meagan McDaniel for a position in the internship program at Texas State. I was Meagan's direct supervisor at New York New York for a year. We worked together almost every day while she was employed at the company and we got to know each other very well during this time. Meagan's work ethic goes beyond many employees I have had over the years. She always strives to do her very best every day of the job. Her bubbly personality, strong work ethic, responsibility, and likeability gained her a promotion after only four months of being a sales representative. She assisted me in leading our team to doing great things and making the owner of New York New York very happy. Meagan surprised me at how fast she took to being a great team leader. I am very proud of how much she accomplished both inside and outside of the work environment. All of this considered I think Meagan will do great things and would be a fantastic candidate in the Sociology Internship Program. I invite you to contact me at the number I provided above.

Sincerely,

Gen Martinez

New York New York Manager
